

Year 1 - What is Shabbat?

I know Shabbat is a Jewish celebration, starting on Friday night and ending on Saturday night.

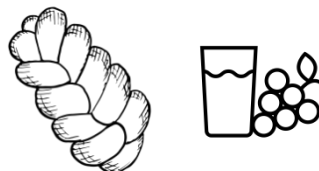

I know Jewish families celebrate Shabbat to remember God resting on the seventh day, after creating the world.

I know some things Jewish families do to celebrate Shabbat (clean/tidy their homes, no TV, put on their best clothes, have a family meal).

I know some of the food and drink Jewish people have during Shabbat (challah bread and wine/grape juice).

I know some other Shabbat traditions (drink from a Kiddush cup, stories are told and songs are sung, candles are lit, prayers are said, a Havdalah candle is lit at the end - plaited candle).
