# Year 2 – Is Windlesham a Good Place to Live?

I can give directions for someone to follow on a map using compass points (north, south, east, west, north east/west, south east/west).

I can name the key human and physical features of geography in Windlesham. I can say which features are not present in Windlesham and give reasons for why that might be.

I can present my findings using a form of ICT.

I can draw a simple map of my ideal village, using symbols and a key to show the human and physical features.

I can express an opinion by answering the question: *Is Windlesham a good place to live?* I can use geographical vocabulary to discuss my reasons.

Links with previous learning

Year R	• Maps of the school
Year 1	• Human and physical features of the world • Cities, towns, villages, countryside • The UK is part of the continent of Europe • Names of the seas and oceans surrounding the UK • Compass points (north, south, east, west) • North and South poles/Equator/Northern and Southern hemispheres • Knowing about cold areas of the world • Journey lines • Computing – maze explorers and coding • History - symbols
Year 2	• Continents • Journey lines • Compass points (north, south, east, west) • Using maps • Rural and urban locations • Maths – position and direction, statistics • Computing – presenting information
